About Us

For more than 30 years, Invento is synonymous with imaginative fun and leisure activities, for a liveable world, for young and old, indoors and outdoors. As an antipole to an increasingly hectic everyday life, people today are looking for leisure activities that focus on fun, relaxation and deceleration. Invento is prepared for these expectations and shapes the leisure time of young and old in many ways and with an exceptional product range.

Kites, windspinners, toys - the Invento range includes exceptional, innovative and high-quality products that have a touch of something special. With our products, we improve people's well-being to better meet the ever-increasing challenges of everyday life.

„HQ“ - Created For Fun, Engineered To Last:

With our „HQ“ umbrella brand, we hold a leading position worldwide in the markets for Kites and Windspinners. Due to high quality standards, good customer service, a versatile product range and the development of products by our own German team, Invento differs from its competitors and creates a lasting confidence in the performance of our products.

Toys - „Invento just play“ and brands from all over the world:

Our own toy ranges under the umbrella brand „Invento just play“ stand for extraordinary playing experiences and high quality standards. With a passion for products beyond the ordinary, we complement our own product lines with a variety of well-known brands from all around the world. Let us take you on a discovery trip through our exciting catalogues.

The Invento B2B Webshop: Fast, practical and super easy!

Place your future orders quite comfortably in our webshop on www.invento-hq.com, which is exclusively addressed to retailers - work faster, easier and more convenient.

Our B2B webshop offers you numerous advantages:

- **Optimum of convenience:** Boot PC – log into the webshop – place your order!
- Web shop orders will be given **top priority – acceleration** of order processing!
- **Place orders at any time suitable for you** – 24 hours a day, 7 days a week and 365 days a year!
- Inventory information in real-time
- **Most recent information** regarding special offers, novelties, best-selling items and discontinued products
- Multimedia product information (e.g. videos)
- Download of product images
- Search, select and order quickly
- Compose individual **digital reminders** (time savings in follow-up orders)
- Availability information in the shopping cart
- **Increased transparency:** Order history for current and completed orders, backorder information

Register now and enjoy special advantages!

To access our webshop, you simply need your email address and password!

2 simple steps to request your password:

- 1) Please provide us with your shop email address:
Tel: +49 (0) 4402 9262-0 or
Fax: +49 (0) 4402 9262-29 or
Email: service@invento-hq.com
- 2) **After your email address has been stored**, click on the “Forget password/request” button on the screen. Enter your email address and zip code and we will send you the login password by email.

However, you can also request your password in person. We gladly will inform you about your password on the phone or by email.

If you are not yet our customer, we will be pleased to register you as a new customer.

For security reasons, we recommend that you change your temporary password during your first order (password can only be changed when making a purchase).

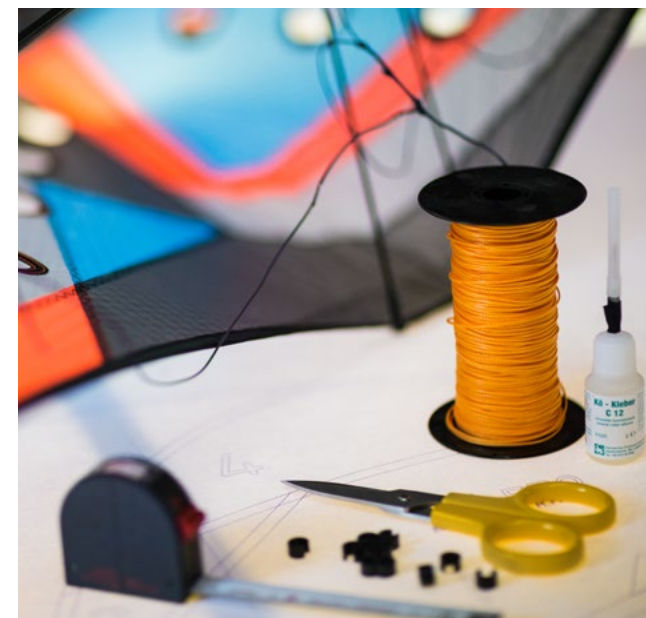

Spare parts and repair service for HQ kites

With a kite from HQ, consumers rely on the highest quality in kite sports. Nevertheless, under harsh operating conditions, damage can occur or parts can be lost through inattentiveness.

For this reason, Invento offers dealers and end users a comprehensive spare parts and repair service if something breaks or the question arises whether a repair is worthwhile.

Should you have any questions with respect to spare parts or repair service, do not hesitate to contact us. Many spare parts can be ordered directly from the online store. We handle the shipping of replacement parts or the repair of an HQ kite by qualified specialists as quickly as possible.

Children's kites, bigger single-line kites or stunt kites from HQ - always the perfect choice.

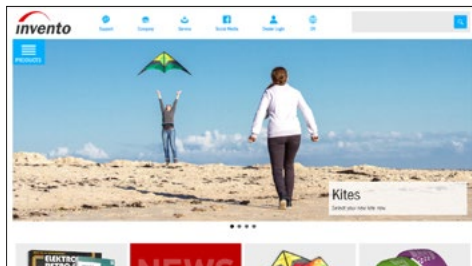

Invento Customer Services + Nature Protection

For us, service means more than just the timely delivery of goods at a reasonable price. We offer our customers a variety of helpful services:

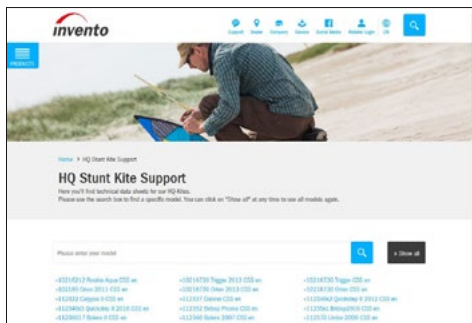

Invento B2B Webshop

See catalogue page 4 for detailed information about the Invento B2B Webshop.

HQ Sport Kite Support

In the support area of our B2B webshop on www.invento-hq.com you will find technical data sheets for many HQ Sport Kites.

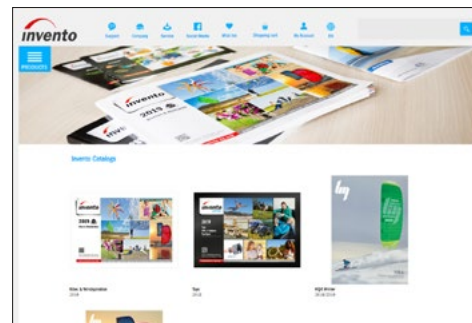

Subscription to Invento Newsletter

After the entry into force of the new EU General Data Protection Regulation, customers and prospects receive our newsletter only if they have explicitly consented to receive the Invento newsletter. So many customers no longer receive our newsletter without knowing it.

You always want to be well informed? You are interested in the Invento newsletter?

Then

- contact us directly and share your wish with us or
 - go to the dealer login on www.invento-hq.com and log in. Click on the newsletter link on the appearing account page. This link opens an email that you please send us. You automatically receive a second email from us with the confirmation of your subscription.
- From now on you will receive the Invento newsletter.**

YouTube, Facebook And Instagram

Visit our pages on various social media platforms for up-to-date information, pictures and videos:

Picture And Video Download

In the service area of our B2B webshop on www.invento-hq.com you will find our download offerings for product and lifestyle images and many videos. Make use of this free service and boost your own sales.

Partner of the NABU

As a partner of NABU, we provide living space for animals on our company property. With this project we want to make an active contribution to protecting diversity and maintaining our natural environment. NABU volunteers manage and maintain this „ark“ in close cooperation with Invento.

NOMINIERT FÜR
TOP 10
Spielzeug
2022
Bundesverband des Spielwaren-Einzelhandels e.V.

Ready, steady, cuddle! Dream Beams are the cutest, cuddliest stuffed animals that children could ever wish for. The lovable characters take children's hearts by storm:

- ▶ Nominated for „TOP 10 SPIELZEUG 2022“ award in Germany
- ▶ Dream Beams are unique: the fun characters feature Glow-in-the-Dark decorative elements that glow brightly when it gets dark
- ▶ The „Dream Beams“ are made of super soft, pleasantly elastic and fast-drying polyester fibers
- ▶ Dream Beams have a calming effect and are cuddly, snuggly companions on the sofa, at bedtime or when traveling. Now no child has to feel alone
- ▶ Dream Beams are easy to clean: Simply hand wash in cold to lukewarm water or clean with a damp cloth and air dry
- ▶ Introduction of 10 brand new characters and different sizes in early 2023
- ▶ Supported by extensive PR, social media and influencer campaigns as well as attractive display packages for retailers
- ▶ German website www.dreambeams.de with information on the „Dream Beams,“ colouring templates for download and other exciting activities for children
- ▶ Sizes: 9, 18 and 30 cm
- ▶ Age: 0+

Extensive marketing support for the „Dream Beams“:

- ▶ Facebook
- ▶ Instagram
- ▶ YouTube
- ▶ PR activities
- ▶ Influencer and blogger campaigns
- ▶ Colouring pages and many other activities for children at www.dreambeams.de
- ▶ POS displays

ORIGAMI

For more information, visit: www.invento-hq.com

Origami 3D is a real feast for lovers of creative toys and based on the principles of environmental friendliness and ecological thinking. Origami 3D are unique sets that will allow you to create the most beautiful 3D paper sculptures you have ever seen. With patented components and easy-to-understand building instructions, Origami 3D makes it easy for you to create beautiful figurines:

- ▶ Patented paper modules
- ▶ Detailed instruction book is included with each model
- ▶ Step-by-step instructional videos show you how to assemble the selected model
- ▶ The set includes ready-made cut shapes, with a clearly marked bend line, even suggesting the direction in which you should bend it
- ▶ In three simple movements, you can make a basic module that will be used to create a masterpiece
- ▶ All modules are assembled identically and then joined together without any glue to form a sturdy figurine
- ▶ Environmentally friendly creative idea - no plastic, no glue
- ▶ 24 models in 3 different sizes and levels of difficulty - for relaxation, as a gift or an original decoration
- ▶ Made in Poland
- ▶ Age: 8+

GiiKER Super Cube i3S Light

GiiKER Super Cube i3S Light – the smart 3D-Puzzle!

The smart, magnetically mounted, interactive GiiKER Super Cube i3SE (3x3x3 design) combines classic cube design with modern Bluetooth 4.0 technology:

- ▶ Connect to smartphone or tablet via Bluetooth: A 6-axis motion sensor and smart microcontroller transmit ultra-fast moves to the free Super Cube smartphone app (Android 4.4 or higher / iOS 8.0 or higher)
- ▶ Sync technology detects all cube moves in real time, stops and stores the running time, enables solutions in training mode, improves solution speed and provides interesting game variations
- ▶ SUPER CUBE App - learn, train, solve and tournament play:
 - **Learning Mode** - interactive tutorials for beginners
 - **Training Mode** - for experienced cube players, providing a twisted cube and various tools to improve performance
 - **Solving mode** - the app works out a solution to a twisted cube in about 30 moves and provides step-by-step instructions on how to solve it
 - **Tournament mode** - compete in real-time competitions against other cubers from around the world. Includes 1v1, 3v3 and room modes
- ▶ Features various mini-games to challenge speed, memory and reaction skills
- ▶ Material: ABS
- ▶ Size: 56.5 x 56.5 x 56.5 mm
- ▶ With 3.7V lithium battery, charging time: Approx. 1 hour
- ▶ More than 90 hours of fun with one charge
- ▶ Age: 6+
- ▶ Contents: Super Cube i3S Light, attachable „headset“ shaped power connector, micro USB charging cable.

My Very Own Rainbow (Rainbow Projector)

My Very Own Rainbow is an enchanting light projector which uses multi-coloured LED’s to display rainbow colours on walls and ceilings in a darkened room. It is perfect for parties and sleepovers and a charming night light to inspire sweet dreams. Auto shut off after 40 minutes saves battery life. Also includes a sunlight rainbow crystal to affix on a sunny window and watch natural rainbows dance around the room. Secret code unlocks multilingual online facts and activities. Additionally required: 4 x AAA batteries (not included). In multilingual cardboard box. Age: 3+

Art. Nr. 362040

NEW!

My Very Own Solar System (solar system with remote control)

With the fascinating and educational My Very Own Solar System, children will experience the wonders of the solar system and learn about our planets. An impressive accessory for any child’s room! This remote-controlled, motorised, 85 cm diameter solar system mobile includes 8 detailed colour planets rotating on three independent orbits around the sun. The illuminated sun makes an attractive night light. No mains electricity required, simply mount the mobile onto the ceiling with the enclosed hardware. STEM toy includes secret code to unlock fascinating online space facts. Additionally required: 3 x AA + 2 x AAA batteries (not included). In multilingual cardboard box. Age: 6+

Art. Nr. 362041

NEW!

My Very Own Moon (moon with remote control)

Bring the moon into your own room with this stunning room accessory and night light. This detailed model is designed to hang on your wall and the realistic moonscape shines just like the actual moon. Use the remote control to scroll through twelve illuminated lunar phases or use the manual function to set the moon to look just like the moon outside. Auto shut-off after 30 minutes to save battery life, making this item perfect for bedtime. No mains electrics required. Read fascinating information about the moon online by using the secret code. This detailed moon makes a stunning room accessory and night light. Additionally required: 4 x AA + 2 x AAA batteries (not included). In multilingual cardboard box. Age: 6+

Art. Nr. 362042

NEW!

My Very Own Fairy Jar

Create your very own fairy world with this beautiful light and sound Fairy Jar. Place the enchanted forest background in your Jar with coloured stones and grass-green felt. Decorate with flowers and leaf garland. Add the toadstools, acorn with love-heart stand and your adorable fairy, for a magical fairyland scene. Finally sprinkle with eco-fairy dust and make a magic wish! Write a letter to your favourite fairy, with five charming mini notes and envelopes. At bedtime, the colour-changing LED turns your jar into a delightful night light. Auto shut off saves battery life. Use the key to unlock a secret code. Use the code online to discover lots of fairy activities! Additionally required: 2 x AAA batteries (not included). In multilingual cardboard box. Age: 4+

Art. Nr. 362043

Learn more about electronics. FRANZIS Electronic Kits are the best way to tap into the exciting world of electronics. The unique FRANZIS Kits provide hours of fun for everyone from beginners to professionals. Each FRANZIS Kit comes complete with all necessary components and detailed assembly instructions:

- ▶ All electronics kits have been developed by experts – refined to maximise functionality and didactics
- ▶ By quickly experiencing success electronics enthusiasts gain greater confidence in their own technical abilities
- ▶ FRANZIS supplies „Quality Time“ for the whole family – time to play, explore and discover
- ▶ Designed to give children and adults an understanding of technology through playful experiments
- ▶ Many FRANZIS kits are unique and often without equal
- ▶ FRANZIS provides endconsumer support with „Lifetime“ guarantee
- ▶ All items come in attractive gift boxes

Bat Detector Construction Kit

This Bat Detector Kit makes finding bats an easy and fail-safe exercise: The board is already equipped with numerous SMD components. You only have to put together a few parts yourself and wire the board with microphone, loudspeaker and the setting controls. Modern integrated circuits provide high sensitivity and volume. With the finished detector, the ultrasound calls of bats can be made audible. This way you can track down these fascinating flying artists in the dark even where they are otherwise completely unnoticed in the hunt for insects. Requires one 9 V battery (not included). Construction complete without soldering! This is not a toy! Age: 14+

Art. Nr. 504177

MOQ	CP	MC

Air Quality Meter

Whether at home or at work: regular airing is important and keeps you healthy! Build your personal air quality meter! First of all, use the soldering iron: fit the circuit board with the air sensor and all other components. Then simply install it in the housing, calibrate the sensor and the air quality meter is ready to go. In a well-ventilated room, the green light should be on. If the air quality drops, the signal light changes to yellow, indicating that you should ventilate. The highest warning level is indicated by a flashing red light. This helps you avoid „thick air“ and its effects like headaches, fatigue or increased risk of infection. The sensor in this kit reacts to all combustible gases such as hydrogen, methane, solvent vapours and many more. Even a direct breathing on the sensor triggers a reaction. An ideal aid in closed rooms with many people – you always ventilate in good time! You will need: Soldering Iron and Solder. Age: 14+

Franzis FM Radio Construction Kit (no soldering)

Build your own working FM radio without soldering! This great kit contains all the components you need to build your very own piece of retro cool – a modern style working FM radio! Includes full instructions in the shape of a manual. This complete kit (without soldering) contains all of the components you need: housing, loudspeakers, breadboard, receiver board with SMD assembly that includes an integrated TDA7088 VHF receiver, a speaker preamp, potentiometers and lots more. The package introduces and explains several circuit variants. High-quality components ensure clear FM reception and good volume. Reception range: 87.5 MHz to 108 MHz. Dimensions of the assembled radio: W190 x H135 x D25 mm. The perfect gift for „build your own“ fans of all things in a retro look! Additionally required: 1 x 9 V block battery (not included) for up to 50 hours of radio reception. Age: 14+

Hybrid Engine

Explore what's under the bonnet of a hybrid car and learn what distinguishes both technologies from each other! Build a fully functional and decorative model of a hybrid engine (100 parts, model scale 1:3) in about three hours to make you and your family enjoy the technology. The complete package contains more than 100 components and a richly illustrated manual that leaves no questions about combustion engines and the electric motor. All essential engine parts move authentically: electric motor, starter box, ignition distributor and much more ensure great attention to detail. Even the ignition spark is simulated in this transparent working model. The engine can be easily switched from combustion to electric mode. Depending on the mode, the engine changes its function and powerful engine sound. The components fit together easily, either as interlocking pieces or with screws – no glue required. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

Volkswagen Bulli T1 Flat-Four Boxer Engine

The Boxer engine conquers the world. When production of the VW Type 2 commenced in 1950, the car was just the second model by Volkswagen after the „Beetle“. With its air-cooled boxer engine, the „Bulli“, as it was called by its fans, became an icon of our roads and its boxer engine became Volkswagen's most-built engine. With this package you can enjoy a transparent functional model of the four-cylinder flat engine (200 parts, scale: 1:4) of the legendary „Bulli“ of the years 1950 to 1953 which fascinates its numerous fans worldwide to this day. Fun technology for you and your whole family! Assemble a detailed transparent engine model of the Bulli in about two hours. All parts of the model kit move exactly like the original does. Including sound module for original motor sound. A richly illustrated companion book with step-by-step assembly instructions leaves no questions about the history of the Bulli and the Boxer engine unanswered. Engine size: 22 x 20 x 17 cm. The components fit together easily, either as interlocking pieces or with screws – no glue required. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

V8 Engine

Experience the fascination of the V8 technology! Their power, their sound and the vehicles that they drive are legendary. Examine what lies under the bonnet of many sports cars! Build a fully functional model of an 8-cylinder engine in just four hours and enjoy the fun of experiencing technology. The complete kit contains more than 250 parts and a copiously illustrated manual. The accurate model is transparent so that you can watch how a V8 engine works. The integrated sound module lets you experience the powerful sound of a V8 engine in action. The extensive manual offers a good mix of entertainment and knowledge. It gives a detailed explanation of engine technology by many examples and covers the special features of V8 engines. In addition, the book offers lots of entertainment value, e.g. with reports about the legendary AC Cobra, the use of V8 engines in racing or the most famous cars with V8 engines. The detailed step-by-step instructions show you how to build a V8 engine model with a powerful sound for your workshop or your living room. Get started and bring out your inner engineer! The model kit contains more than 250 parts, an electrical motor and all the tools you need for assembly. The model is easy to assemble – no gluing or soldering required! The transparent casing lets you observe the processes within an 8-cylinder engine: the pistons move up and down, and even the ignition spark is simulated! The sound module lets you experience the original V8 sound in action. Contents: 250-part function kit, V8 sound module, 70-page manual with building instructions. Model size: 28.5 x 20.5 x 20 cm. Additionally required: 3 x 1.5 V-batteries (Type AA). Age: 14+

Franzis Ford Mustang V8 Engine

A star is born! Series production of the first generation of the Ford Mustang began in 1964. Since then, the "Pony Car" has become the epitome of the American sports car. What made this legendary automobile with its emblematic running horse on the radiator grille so distinctively charming was its sporty image combined with high-performing, reliable technology under the hood. Build a transparent, functional model of the formidable V8 engine from the 1965 Ford Mustang. The enhanced 289 K-Code V8 High Performance engine produced a captivating 271 HP at 6,000 revolutions per minute, and a maximum torque of 321 lb-ft (423 Newton meters) at 3,400 rpm. The assembly kit uses a scale of around 1:3 and contains approximately 200 individual pieces. In two to three hours, you'll build a finely detailed, transparent Ford Mustang 289 K-Code V8 model engine with original motor sound. All of the model parts move exactly as they do on the original, life-size model. The components fit together easily, either as interlocking pieces or with screws – no glue required. The Ford Mustang kit comes with an exclusive 100-page booklet, complete with top-notch details and numerous stunning illustrations that guide you through the history of the Ford Mustang while outlining the technology that lies under the hood. The handbook contains a detailed and generously illustrated step-by-step guide that will lead you through the construction of the engine kit with clear instructions. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

WOODEN CITY

Wood Trick
A NEW WORLD OF ART

For more information, visit: www.invento-hq.com

Wooden City + Wood Trick – the unique wooden mechanical models:

- ▶ Natural materials – all 3D model kits made from sustainably sourced birch plywood
- ▶ Assembly of sets does not require any glue or tools
- ▶ Mechanical functions – all models produce motion (self-propulsion or other functions)
- ▶ Moving parts are sturdily constructed (e.g. stable and solid axes) and different from competitors
- ▶ Unique 3D wooden models provide a variety of functions and work without any electronic components
- ▶ Easy assembly – ready-to-assemble parts are laser-cut
- ▶ Attractive packagings (e.g. wooden boxes with Wooden City items)
- ▶ Made in Europe
- ▶ Unique designs make all 3D wooden models popular collection models
- ▶ All functional models are not children's toys
- ▶ Age: 14+

Safe

This model of Wooden City is a real safe with combination lock - it can be opened with a secret number combination of 3 digits. The code can be changed at any time. If the code has been forgotten, the safe can be opened with a secret function (this method is described in the manual). If the combination was correct, the safe opens automatically when the third digit is entered. To lock the safe again, just close the door and turn the knob - the safe locks itself. The safe is the perfect model for hiding banknotes or other valuables. With handle for easy transport. Age: 14+

Wooden mechanical 3D model: self-assembly requires no glue or tools
Number of parts: 202
Assembly time: approx. 4 hours
Model size: H15 x W15 x D15 cm
Packaging size: H24 x W35.5 x D4 cm

Marble Run

With this fascinating 3D marble run track from Wooden City 3D tinkerers dive into the world of engineering and construction. The set creates fascinating effects with steep descents, sharp bends and a funnel track. Continuous operation is ensured by a hand-operated elevator - the launched metal balls pass all obstacles on different tracks and rise back to the top. Includes 12 metal balls that move in sequence. Age: 14+

Wooden mechanical 3D model - self-assembly requires no glue or tools
Number of parts: 259
Assembly time: approx. 5 hours

NEW!

Tractor

The „Tractor“ is based on tractor models from the last century and powered by gearwheels. Interesting details and many moving parts give the Tractor its very special charm. The tractor has a chassis and large rubber-coated wheels. The sophisticated design of the tractor is reflected in the details: dashboard, ribbed steering wheel, bucket hanging from a hook. Age: 14+

Chrome Rider

The Chrome Rider is the perfect model for real motorcycle fans and impresses with its engineering out of the ordinary. The Chrome Rider is not driven by a spring, but by a massive flywheel in the center of the vehicle. Driven by this flywheel the Chrome Rider can easily cover a distance of up to 10 meters while reliably maintaining its balance, additionally supported by the movable steering fork. The wheels are mounted on bearings for a particularly smooth run and the treads are made of rubber for better traction. The kit also contains detailed operating instructions that explain the assembly of the parts in an understandable manner. Age: 14+

- ▶ Metal mechanical 3D model: Made of high-gloss, stainless steel (AISI 304)

Dazzling Steamliner

The Dazzling Steamliner is a model from the universe of steampunk and dieselpunk, which resembles historical steamliners covered in a sleek aerodynamic body. The Dazzling Steamliner looks futuristic and fascinating and is the top model in the Time for Machine range. A spring drive sets the model in motion with many moving parts. Observe the movements of gearwheels and flywheels inside the train. The layout of the wheels is reminiscent of the famous Union Pacific Big Boy. The wheelbase of the locomotive is 4-12-6. Model scale: 1:64. Rail width: 24 mm. The coal tender can be unhooked from the locomotive. The kit also contains detailed operating instructions that explain the assembly of the parts in an understandable manner. Age: 14+

- ▶ Metal mechanical 3D model: Made of high-gloss, stainless steel (AISI 304)
- ▶ Contents: 7 metal plates with parts, 38 additional gears, spring drive, pliers, file, gloves, cloth for polishing, instruction manual
- ▶ Number of parts: 256
- ▶ Model size: H71 x W510 x D62 mm, rails 1530 x 37 mm

► Wicked „Booma“ – World’s best-selling boomerangs

Millions of boomerangs sold every year - the quality and performance has made the „Boomas“ the world’s largest sports boomerang brand.

The world famous Wicked Booma range features an advanced tri-blade design, ensuring a stable and accurate return flight when thrown as instructed. Wicked Boomas are incredibly easy to throw and catch and come with full throwing instructions on the packaging.

► Wham-O-Frisbee – Go out and play!

With more than 70 years of cultural and commercial significance, the Wham-O® brand remains synonymous with fun, play and sport. With Frisbee® Wham-O® manufactures and markets the most recognizable consumer brand for flying discs in the world today. Wham-O is a company and lifestyle brand that is steeped in the American cultural tradition of classic, well made toys. Wham-O® targets partners aligned with the company mission of bringing new products to market that promote the on-going commitment to the highest-quality, and to bringing families, friends, and teammates together during every season of the year – indoors and out.
