About Us

For more than 30 years, Invento is synonymous with imaginative fun and leisure activities, for a liveable world, for young and old, indoors and outdoors. As an antipole to an increasingly hectic everyday life, people today are looking for leisure activities that focus on fun, relaxation and deceleration. Invento is prepared for these expectations and shapes the leisure time of young and old in many ways and with an exceptional product range.

Kites, windspinners, toys - the Invento range includes exceptional, innovative and high-quality products that have a touch of something special. With our products, we improve people's well-being to better meet the ever-increasing challenges of everyday life.

„HQ“ - Created For Fun, Engineered To Last:

With our „HQ“ umbrella brand, we hold a leading position worldwide in the markets for Kites and Windspinners. Due to high quality standards, good customer service, a versatile product range and the development of products by our own German team, Invento differs from its competitors and creates a lasting confidence in the performance of our products.

Toys - „Invento just play“ and brands from all over the world:

Our own toy ranges under the umbrella brand „Invento just play“ stand for extraordinary playing experiences and high quality standards. With a passion for products beyond the ordinary, we complement our own product lines with a variety of well-known brands from all around the world. Let us take you on a discovery trip through our exciting catalogues.

The Invento B2B Webshop: Fast, practical and super easy!

Place your future orders quite comfortably in our webshop on www.invento-hq.com, which is exclusively addressed to retailers - work faster, easier and more convenient.

Our B2B webshop offers you numerous advantages:

- **Optimum of convenience:** Boot PC – log into the webshop – place your order!
- Web shop orders will be given **top priority – acceleration** of order processing!
- **Place orders at any time suitable for you** – 24 hours a day, 7 days a week and 365 days a year!
- Inventory information in real-time
- **Most recent information** regarding special offers, novelties, best-selling items and discontinued products
- Multimedia product information (e.g. videos)
- Download of product images
- Search, select and order quickly
- Compose individual **digital reminders** (time savings in follow-up orders)
- Availability information in the shopping cart
- **Increased transparency:** Order history for current and completed orders, backorder information

Register now and enjoy special advantages!

To access our webshop, you simply need your email address and password!

2 simple steps to request your password:

- 1) Please provide us with your shop email address:
Tel: +49 (0) 4402 9262-0 or
Fax: +49 (0) 4402 9262-29 or
Email: service@invento-hq.com
- 2) **After your email address has been stored**, click on the “Forget password/request” button on the screen. Enter your email address and zip code and we will send you the login password by email.

However, you can also request your password in person. We gladly will inform you about your password on the phone or by email.

If you are not yet our customer, we will be pleased to register you as a new customer.

For security reasons, we recommend that you change your temporary password during your first order (password can only be changed when making a purchase).

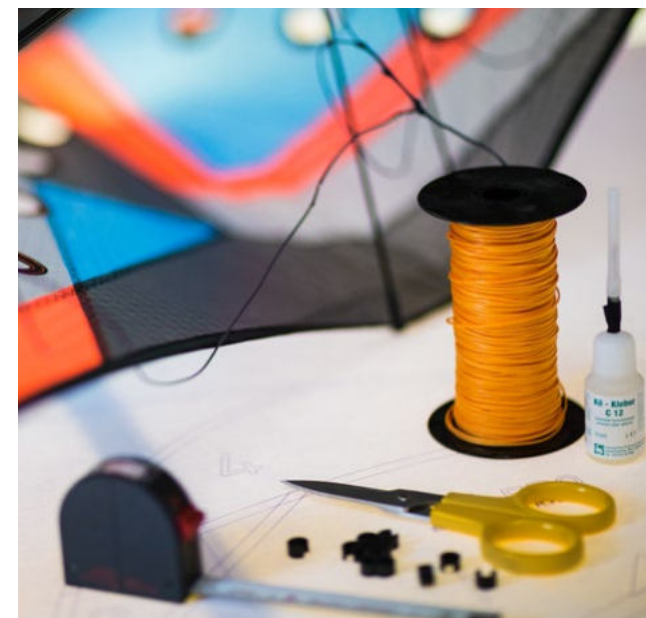

Spare parts and repair service for HQ kites

With a kite from HQ, consumers rely on the highest quality in kite sports. Nevertheless, under harsh operating conditions, damage can occur or parts can be lost through inattentiveness.

For this reason, Invento offers dealers and end users a comprehensive spare parts and repair service if something breaks or the question arises whether a repair is worthwhile.

Should you have any questions with respect to spare parts or repair service, do not hesitate to contact us. Many spare parts can be ordered directly from the online store. We handle the shipping of replacement parts or the repair of an HQ kite by qualified specialists as quickly as possible.

Children's kites, bigger single-line kites or stunt kites from HQ - always the perfect choice.

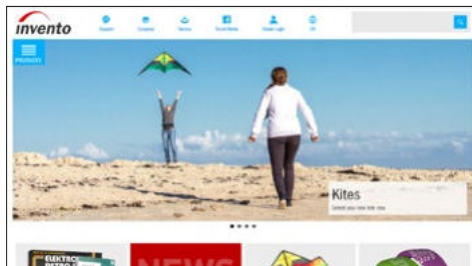

Invento Customer Services + Nature Protection

For us, service means more than just the timely delivery of goods at a reasonable price. We offer our customers a variety of helpful services:

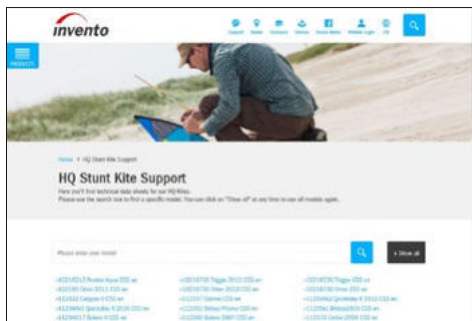

Invento B2B Webshop

See catalogue page 4 for detailed information about the Invento B2B Webshop.

HQ Sport Kite Support

In the support area of our B2B webshop on www.invento-hq.com you will find technical data sheets for many HQ Sport Kites.

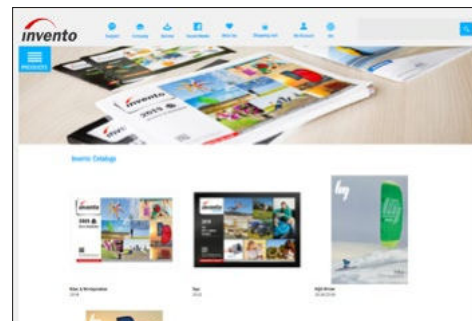

Subscription to Invento Newsletter

After the entry into force of the new EU General Data Protection Regulation, customers and prospects receive our newsletter only if they have explicitly consented to receive the Invento newsletter. So many customers no longer receive our newsletter without knowing it.

You always want to be well informed? You are interested in the Invento newsletter?

Then

- contact us directly and share your wish with us or
 - go to the dealer login on www.invento-hq.com and log in. Click on the newsletter link on the appearing account page. This link opens an email that you please send us. You automatically receive a second email from us with the confirmation of your subscription.
- From now on you will receive the Invento newsletter.**

YouTube, Facebook And Instagram

Picture And Video Download

In the service area of our B2B webshop on www.invento-hq.com you will find our download offerings for product and lifestyle images and many videos. Make use of this free service and boost your own sales.

Partner of the NABU

As a partner of NABU, we provide living space for animals on our company property. With this project we want to make an active contribution to protecting diversity and maintaining our natural environment. NABU volunteers manage and maintain this „ark“ in close cooperation with Invento.

**Dream
Beams**
HappyLine

For more information, visit: www.invento-hq.com

Ready, steady, cuddle! Dream Beams are the cutest, cuddliest stuffed animals that children could ever wish for. The lovable characters take children's hearts by storm:

- ▶ Nominated for „TOP 10 SPIELZEUG 2022 + 2023“ award in Germany
- ▶ Dream Beams are unique: the fun characters feature Glow-in-the-Dark decorative elements that glow brightly when it gets dark
- ▶ The „Dream Beams“ are made of super soft, pleasantly elastic and fast-drying polyester fibers
- ▶ Dream Beams have a calming effect and are cuddly, snuggly companions on the sofa, at bedtime or when traveling. Now no child has to feel alone
- ▶ Dream Beams are easy to clean: Simply hand wash in cold to lukewarm water or clean with a damp cloth and air dry
- ▶ Introduction of 10 brand new characters and different sizes from series 4
- ▶ Supported by extensive PR, social media and influencer campaigns as well as attractive display packages for retailers
- ▶ German website www.dreambeams.de with information on the „Dream Beams,“ colouring templates for download and other exciting activities for children
- ▶ Sizes: 9, 18 and 30 cm
- ▶ Age: 0+

Unique Glow-in-the-Dark effects

Extensive marketing support for the „Dream Beams“:

- ▶ Facebook
- ▶ Instagram
- ▶ YouTube
- ▶ PR activities
- ▶ Influencer and blogger campaigns
- ▶ Colouring pages and many other activities for children at www.dreambeams.com/de
- ▶ POS displays

ORIGAMI

For more information, visit: www.invento-hq.com

Origami 3D is a real feast for lovers of creative toys and based on the principles of environmental friendliness and ecological thinking. Origami 3D are unique sets that will allow you to create the most beautiful 3D paper sculptures you have ever seen. With patented components and easy-to-understand building instructions, Origami 3D makes it easy for you to create beautiful figurines:

- ▶ Patented paper modules
- ▶ Detailed instruction book is included with each model
- ▶ Step-by-step instructional videos show you how to assemble the selected model
- ▶ The set includes ready-made cut shapes, with a clearly marked bend line, even suggesting the direction in which you should bend it
- ▶ In three simple movements, you can make a basic module that will be used to create a masterpiece
- ▶ All modules are assembled identically and then joined together without any glue to form a sturdy figurine
- ▶ Environmentally friendly creative idea - no plastic, no glue
- ▶ A variety of models in different sizes and levels of difficulty - for relaxation, as a gift or an original decoration
- ▶ Made in Poland
- ▶ Age: 8+

MOQ	CP	MC	4 031169 330307	
1	6	50		

Magnetic Game - Hangman

Who will save the poor zebra from a cruel fate and guess the word or sentence before the executioner finishes and the zebra hangs on the gallows?

- Duration: 20 - 30 minutes. Strategy game for 2 players
- Age: 6 - 99
- Contents: 126 letter magnets, 11 zebra magnets, 1 game board, game instructions

Art. Nr. 504325			NEW!	
MOQ	CP	MC	4 031169 330406	
1	6	50		

Magnetic Game - Secret Code

Show your skills as a code breaker and guess your opponent's secret code (colour and position of 4 out of 6 different coloured magnets in any combination) in as few moves as possible using the decryption table.

- Duration: 20 - 30 minutes. For 2 players
- Age: 6 - 99
- Contents: 2 game boards, 60 coloured magnets (6 colours, 10 each), 60 clue magnets in black and white, game instructions

Art. Nr. 504336			NEW!	
MOQ	CP	MC	4 031169 330000	
1	6	50		

Magnetic Game - Battle Fleet

The classic strategy game - find the location of the opponent's ships and sink the enemy fleet faster than your opponent.

- Duration: 20 - 30 minutes. For 2 players
- Age: 5 - 99
- Contents: 5 + 5 warships and submarines, 98 „torpedo“ magnets, 35 „RED hit“ magnets, game instructions

Magnetic Game - Tic Tac Toe & 4 in a Row

Two magnetic strategy games in one metal box. Tic Tac Toe: Form a row of identical shapes - horizontally, vertically, or diagonally. 4 in a Row: Form a row of four same-coloured stones - horizontally, vertically, or diagonally.

- Duration: 20 - 30 minutes. For 2 players
- Age: 4 - 99
- Contents: The box contains 2 games. Tic Tac Toe: 10 large magnets. 4 in a Row: 22 smaller magnets. Includes game instructions

Art. Nr. 504335			NEW!	
MOQ	CP	MC	4 031169 330109	
1	6	50		

Magnetic Game - Space Mission

Be the first to reach the Sun or Earth and win the space mission. Players roll the dice and move their spaceships towards the Sun and Earth. Land on a planet and follow the instructions. Avoid the satellites as they cause you to skip a turn. If a spaceship lands on another spaceship, it sends it back to the starting point. The race is won by precisely landing on the Sun or Earth. The accompanying leaflet teaches players interesting facts about our solar system.

- Duration: 20 - 30 minutes. For 2 - 4 players
- Age: 5 - 99
- Contents: 4 spaceship magnets, 1 die, 1 game board, information about the solar system (leaflet), game instructions

Art. Nr. 504329			NEW!	
MOQ	CP	MC	4 031169 330208

► Addict-A-Ball

Addict-A-Ball is an impressive 3D maze game where you navigate a ball through twists and turns within a transparent sphere. Guide the ball from the maze's start to finish without it falling off. Despite a deceptively simple beginning, the maze becomes increasingly challenging, featuring stairs, slides and even a swing. The game lives up to its name, proving highly engaging and difficult to set aside once started.

GiiKER Super Cube i3S

GiiKER Super Cube i3S – the smart 3D-Puzzle!

The smart, magnetically mounted, interactive GiiKER Super Cube i3S (3x3x3 design) combines classic cube design with modern Bluetooth 4.0 technology:

- ▶ Connect to smartphone or tablet via Bluetooth: A 6-axis motion sensor and smart microcontroller transmit ultra-fast moves to the free Super Cube smartphone app (Android 4.4 or higher / iOS 8.0 or higher)
- ▶ Sync technology detects all cube moves in real time, stops and stores the running time, enables solutions in training mode, improves solution speed and provides interesting game variations
- ▶ SUPER CUBE App - learn, train, solve and tournament play:
 - **Learning Mode** - interactive tutorials for beginners
 - **Training Mode** - for experienced cube players, providing a twisted cube and various tools to improve performance
 - **Solving mode** - the app works out a solution to a twisted cube in about 30 moves and provides step-by-step instructions on how to solve it
 - **Tournament mode** - compete in real-time competitions against other cubers from around the world. Includes 1v1, 3v3 and room modes
- ▶ Features various mini-games to challenge speed, memory and reaction skills
- ▶ Material: ABS
- ▶ Size: 56.5 x 56.5 x 56.5 mm
- ▶ With 3.7 V lithium battery, charging time: Approx. 1 hour
- ▶ More than 90 hours of fun with one charge
- ▶ Age: 6+
- ▶ Contents: Super Cube i3S, attachable „headset“ shaped power connector, micro USB charging cable.

► Brainstorm - Projector Torches

Brainstorm Projector Torches bring 24 fascinating colour images onto walls and ceilings in a dark children's room. Nature, space, fairytale world - the versatile themes provide hours of entertainment. Brainstorm Projector Torches include three slide discs with 24 pictures. Swap and change the slides easily by pulling back the plastic flap. Insert the chosen disc and rotate the disc round to project clear colour images up to one meter wide - a great bedtime companion to make going to sleep more fun. Projector Torch can also be used as a normal torch without the slides in place. With ON/OFF switch and including batteries (3 x AG13/LR44). In plastic-free packagings.

T-Rex Projector & Room Guard

Bring realistic dinosaurs into your own room! This high-quality T-Rex shaped projector has 24 dinosaur images that will project onto your bedroom walls, up to one metre wide. Features 18 different types of dinosaur. ROOOOAAAR! Your T-Rex becomes a guard for your room, roaring into action with each unwanted visitor. A trembler alert makes your T-Rex roar when picked up and a motion sensor detects movement. Surprise your friends with five mighty roar sounds! At over 40 cm long, the T-Rex makes a fantastic room decoration. Secret code unlocks fascinating online dinosaur facts. Includes bonus T-Rex door sticker. Additionally required: 3 x AA batteries (not included). In multilingual cardboard box. Age: 3+

See The World Through Others' Eyes

Learn about the science of sight. What does the world look like if you are a baby? How does a cuttlefish see it's underwater world? Do you want to see like a T-Rex? Just pop on these cool glasses and you will see the world through others' eyes! 22 interchangeable lenses allow you to see in more than 17 different ways – or create your own! Lenses include wide angle, coloured, polarised, split vision, faceted, spectrum and more. Did you know that a dragonfly has up to 30,000 lenses in its eyes! Did you know that an ostrich's eye is bigger than its brain! Learn about the science of sight with this Informative, full-of-facts leaflet. Includes fascinating information about seeing like a rat, eagle, bee and more. Lens tray included. In multilingual cardboard box. Age: 6+

T-Rex Head Torch

Dino-mad kids will love this T-Rex-shaped head torch. Press once for light and again for sound – ROAR! Two angles – straight for outdoor adventures like walking or camping and tilted for bedtime reading. With adjustable strap for children of all ages. Additionally required: 2 x AAA batteries (not included). Packaging and instructions are multi-lingual (English, French, German, Spanish and Italian). Age: 3+

Unicorn Head Torch

If you love unicorns you will adore this pretty Unicorn-shaped head torch. Press once for light and again for a beautiful sparkle sound. Two angles – straight for outdoor adventures, such as walking or camping and tilted for bedtime reading. With adjustable strap for children of all ages. FRANZIS

For more information, visit: www.invento-hq.com

Learn more about electronics. FRANZIS Electronic Kits are the best way to tap into the exciting world of electronics. The unique FRANZIS Kits provide hours of fun for everyone from beginners to professionals. Each FRANZIS Kit comes complete with all necessary components and detailed assembly instructions:

- ▶ All electronics kits have been developed by experts – refined to maximise functionality and didactics
- ▶ By quickly experiencing success electronics enthusiasts gain greater confidence in their own technical abilities
- ▶ FRANZIS supplies „Quality Time“ for the whole family – time to play, explore and discover
- ▶ Designed to give children and adults an understanding of technology through playful experiments
- ▶ Many FRANZIS kits are unique and often without equal
- ▶ FRANZIS provides endconsumer support with „Lifetime“ guarantee
- ▶ All items come in attractive gift boxes

Bat Detector Construction Kit

This Bat Detector Kit makes finding bats an easy and fail-safe exercise: The board is already equipped with numerous SMD components. You only have to put together a few parts yourself and wire the board with microphone, loudspeaker and the setting controls. Modern integrated circuits provide high sensitivity and volume. With the finished detector, the ultrasound calls of bats can be made audible. This way you can track down these fascinating flying artists in the dark even where they are otherwise completely unnoticed in the hunt for insects. Requires one 9 V battery (not included). Construction complete without soldering! This is not a toy! Age: 14+

Art. Nr. 504177			
MOQ	CP	MC	4 019631 670137
1	56	56	

Air Quality Meter

Whether at home or at work: regular airing is important and keeps you healthy! Build your personal air quality meter! First of all, use the soldering iron: fit the circuit board with the air sensor and all other components. Then simply install it in the housing, calibrate the sensor and the air quality meter is ready to go. In a well-ventilated room, the green light should be on. If the air quality drops, the signal light changes to yellow, indicating that you should ventilate. The highest warning level is indicated by a flashing red light. This helps you avoid „thick air“ and its effects like headaches, fatigue or increased risk of infection. The sensor in this kit reacts to all combustible gases such as hydrogen, methane, solvent vapours and many more. Even a direct breathing on the sensor triggers a reaction. An ideal aid in closed rooms with many people – you always ventilate in good time! You will need: Soldering Iron and Solder. Age: 14+

Art. Nr. 504203

Franzis FM Radio Construction Kit (no soldering)

Build your own working FM radio without soldering and enjoy clear sound and digital precision. The fully functional kit contains a housing, a plug-in circuit board and all the necessary components for effortless assembly without any special technical knowledge or soldering. The easy-to-understand manual makes assembly child's play and provides the technical background knowledge. Several circuit variants are presented and explained. For this version, the reception technology has been further improved and the radio has been equipped with several new features. In addition to an automatic search function, it is now also possible to save your favorite stations and switch between them at lightning speed. Reception range: 87.5 MHz to 108 MHz. Dimensions of the assembled radio: 190 x 135 x 25 mm (W x H x D). Additionally required: 1 x 9 V block battery for up to 50 hours of radio reception. Age: 14+

Porsche Carrera RS „Build your Legend“

Motorsport has played a major role in the Porsche legend from the very beginning. The lightweight racing cars from Porsche became technology and design icons. The Carrera RS with its typical ducktail was the first top model of the „Eleven“ and still causes a lot of heart palpitations among Porsche enthusiasts today. In 18 steps, you plug and screw a high-quality Porsche experience around a white model version of the Porsche 911 Carrera RS 2.7 in 1:24 scale. A large-format, 72-page manual outlines the development of the Porsche Carrera RS into a milestone in the history of the Porsche 911. Box contents: detailed model of the Porsche 911 Carrera RS 2.7 in white with green lettering (kit with 10 parts, scale 1:24), high-quality plastic base with sound module and LED showroom lighting for plugging and screwing (at the push of a button, the engine sound starts and the model is staged with lighting). Age: 14+

VW Beetle Flat-Four Boxer Engine

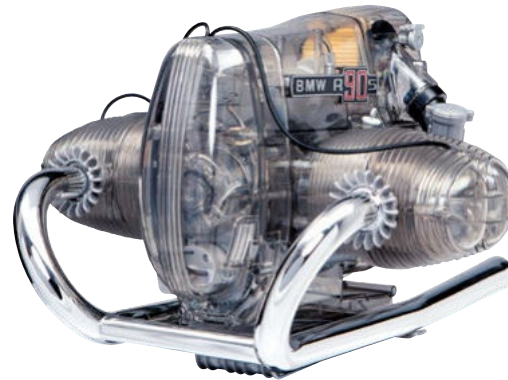

With this package you can enjoy a transparent functional model of the four-cylinder flat engine of the legendary Volkswagen "Brezelkäfer" of the years 1949 – 1953 which fascinates its numerous fans worldwide to this day. Fun technology for you and your whole family. The assembly kit uses a scale of around 1:4 and contains approximately 200 individual pieces. In two to three hours, you'll build a finely detailed, transparent Classic Beetle model engine. All of the model parts move exactly as they do on the original, life-size model. The components fit together easily, either as interlocking pieces or with screws – no glue required. Engine size: 22 x 20 x 17 cm. Contents: 200-part-construction kit, sound module, manual including detailed step-by-step instructions and facts about the history of the Classic Beetle. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

BMW R 90 S Flat-Twin Engine

Build your own classic, working BMW flat-twin engine model. The BMW R 90 S was one of the motorcycle icons of the 1970s. When it came on the market in 1973 it was one of the fastest series production motorcycles of its time and the top-of-the-range model of the „/6“ type series made by the Bavarian motorcycle manufacturer. With this 200-part-kit you can enjoy a transparent functional model of the two-cylinder flat engine of the legendary BMW R 90 S which fascinates its numerous fans worldwide. A special highlight of the model kit is its true-to-detail five-speed gearbox. Build your own classic, working BMW flat-twin engine model in about 3 hours: transparent working model, shiftable five-speed gearbox, original motorsound. All parts of the model kit move exactly like the original does. The components are easy to stick and screw together – without any adhesive. The high-quality manual offers lots of both fun and knowledge. Learn about the history of BMW motorcycles and understand the successful concept of the flat-twin engine. Numerous illustrations provide a deep insight into the fascinating world of the BMW „superbike“ R 90 S. Including detailed step-by-step construction manual. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

V8 Engine

Experience the fascination of the V8 technology! Their power, their sound and the vehicles that they drive are legendary. Examine what lies under the bonnet of many sports cars! Build a fully functional model of an 8-cylinder engine in just four hours and enjoy the fun of experiencing technology. The complete kit contains more than 250 parts and a copiously illustrated manual. The accurate model is transparent so that you can watch how a V8 engine works. The integrated sound module lets you experience the powerful sound of a V8 engine in action. The extensive manual offers a good mix of entertainment and knowledge. It gives a detailed explanation of engine technology by many examples and covers the special features of V8 engines. In addition, the book offers lots of entertainment value, e.g. with reports about the legendary AC Cobra, the use of V8 engines in racing or the most famous cars with V8 engines. The detailed step-by-step instructions show you how to build a V8 engine model with a powerful sound for your workshop or your living room. Get started and bring out your inner engineer! The model kit contains more than 250 parts, an electrical motor and all the tools you need for assembly. The model is easy to assemble – no gluing or soldering required! The transparent casing lets you observe the processes within an 8-cylinder engine: the pistons move up and down, and even the ignition spark is simulated! The sound module lets you experience the original V8 sound in action. Contents: 250-part function kit, V8 sound module, 70-page manual with building instructions. Model size: 28.5 x 20.5 x 20 cm. Additionally required: 3 x 1.5 V-batteries (Type AA). Age: 14+

4-Cylinder Engine

Explore what's under the bonnet of your car! Build a fully functional and decorative model of a 4-cylinder engine (100 parts, model scale 1:3) in about three hours to make you and your family enjoy the technology. The complete package contains more than 100 components and a richly illustrated manual that leaves no questions about internal combustion engines and their possible applications. All essential engine parts move authentically: Pistons, crankshaft, camshaft, valves, ignition distributor, driven fan propeller. Even the ignition spark is simulated in this transparent working model. Improved model: Parts now in new colour, many of them in metallic look. High-quality loudspeaker for powerful engine sound. Engine size: 27.5 x 13.5 x 22.5 cm. The components fit together easily, either as interlocking pieces or with screws – no glue required. Additionally required: 2 x 1.5 V batteries (AA). Age: 14+

Porsche 911 Boxer Engine

The Porsche flat-six boxer engine and the cars it powers are legendary. Build your own classic model (290 parts, model scale: 1:4) of a 1966 Porsche 911 2 litre flat-six engine. Watch its operation through the transparent cylinders to learn how a flat-six engine with its horizontally opposed cylinders works and discover the fascinating world of automotive engineering! All essential engine parts move authentically: Crankshaft, pistons, valves, simulated ignition sparks, ignition distributor, driven fan propeller. Incl. display stand and sound module with the original boxer sound. Improved model: Parts now in new colour, many of them in metallic look, high-quality loudspeaker for powerful boxer sound, extended manual, sound module now with audio output. No glue needed – all components are easy to assemble and screw together. A high-quality companion book provides plenty of information on and fun facts about Porsche and the 911. The development of the iconic design and the corresponding technical concepts are clearly explained. Engine size: 30 x 29 x 22 cm. Contents: 290-part-construction kit, motor sound mule, high-quality companion book including detailed step-by-step instructions. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

Ford Mustang V8 Engine

A star is born! Series production of the first generation of the Ford Mustang began in 1964. Since then, the "Pony Car" has become the epitome of the American sports car. What made this legendary automobile with its emblematic running horse on the radiator grille so distinctively charming was its sporty image combined with high-performing, reliable technology under the hood. Build a transparent, functional model of the formidable V8 engine from the 1965 Ford Mustang. The enhanced 289 K-Code V8 High Performance engine produced a captivating 271 HP at 6,000 revolutions per minute, and a maximum torque of 321 lb-ft (423 Newton meters) at 3,400 rpm. The assembly kit uses a scale of around 1:4 and contains approximately 200 individual pieces. In two to three hours, you'll build a finely detailed, transparent Ford Mustang 289 K-Code V8 model engine with original motor sound – now also with coloured components like the real vehicle. All of the model parts move exactly as they do on the original, life-size model. The components fit together easily, either as interlocking pieces or with screws – no glue required. The Ford Mustang kit comes with an exclusive 100-page booklet, complete with top-notch details and numerous stunning illustrations that guide you through the history of the Ford Mustang while outlining the technology that lies under the hood. The handbook contains a detailed and generously illustrated step-by-step guide that will lead you through the construction of the engine kit with clear instructions. Additionally required: 3 x 1.5 V batteries (AA). Age: 14+

Smart cars and stylish water crafts! The Invento "power & control" RC series makes the dream of driving speedy cars and boats come true for everyone. All models impress with their smart design, innovative engineering, great extras, and a robust design.

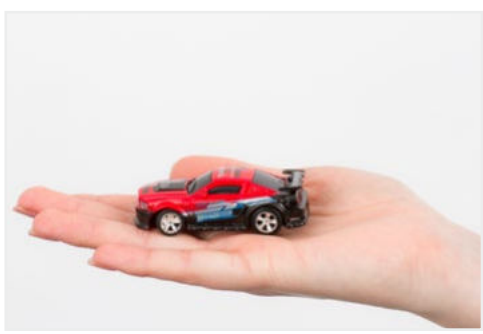

RC Mini Racer 2.4 GHz

One of the smallest remote control speed racers in the world. Speedy like a weasel, this little pocket racer thrills young and old alike with its sportiness and offers clever features and outstanding value for money. 4 pylons included for your challenge. Headlights and tail light will be turned on when driving forward and backward. Recharge the car through the controller. Charging cable is well integrated inside the controller - easy and convenient! Long running times and short recharging periods for unlimited driving fun. Various models and colours randomly available.

- ▶ RC Mini Racer with adjustable directional stability, assorted colors
- ▶ Scale 1:63
- ▶ 2.4 GHz
- ▶ LED illumination while driving: 2 headlights, 1 rear light
- ▶ 2-channel remote controller with integrated charging cable & indicator
- ▶ 4 pylons
- ▶ Super-cool can packaging - perfect as a gift
- ▶ Multilingual manual included
- ▶ Operating time: approx. 5 minutes
- ▶ Charging time: approx. 4 minutes
- ▶ Age: 8+

Recommended accessories: 2 x AA 1.5 V batteries (not included).

► South Beach Bubbles - Giantly Big Soap Bubbles!

South Beach Bubbles products are the perfect introduction to the world of giant bubbles. The magic of giant soap bubbles happens when children play together with family and friends in the fresh air in the sunshine. In no time, electronic devices are forgotten - except to post incredible photos and videos!

- Enables giantly big, colourful and long-lasting soap bubbles
- Bubble solution „Made in the USA“ - top quality, reliable in function
- Environmentally friendly - non-toxic and biodegradable
- Great „Tips & Tricks“ brochure included
- Easy and safe to use - instant feelings of success, even for preschoolers
- Improves coordination and motor skills
- Outdoor fun reduces screen time - ideal for the garden, park or beach
- The perfect children's activity for various occasions, e.g. birthday parties
- Complete sets with wands and bubble solution
- The incredible bubble solution can also be used with other bubble toys, such as bubble machines, bubble cannons or bubble swords
- When bubble solution is left, it even gains strength while it rests - the next time you play, it creates even bigger and longer lasting bubbles
- Age: 6+

► Airglider

With wings made of extra strong rip-stop fabric and a fiberglass and carbon composite frame, our gliders are robust and more durable than conventional models. With their graceful lines and delicate aerobatic manoeuvres these gliders offer a feast for the eyes while they soar through the sky. Our Airglider offers the flyer many alternatives to experiment with the flight experience. You are encouraged to add or subtract ballast and adjust the wings to alter the flight characteristics.

Airglider 40

Start with: Handstart, rubber band catapult (incl.).
Wingspan: 40 cm, **Length:** 45 cm, **Sail:** Ripstop-Polyester,
Fuselage: Carbon, **Age:** 6+

„Red / Yellow“

Art. Nr. 11100017				
MOQ 1	CP 6	MC 48	4 031169 101105	

„Flame“

Art. Nr. 11100030				
MOQ 1	CP 6	MC 48	4 031169 101006	

Airglider „Easy“

Small adjustable tabs sewn into the sail work like flaps on a plane, allowing you to change the flight characteristics instantly. Perform barrel rolls, loops or set it for long straight flights.

Wingspan: 32 cm, **Length:** 33 cm, **Sail:** Ripstop-Polyester,
Fuselage: Carbon + Fiberglass, **Age:** 6+

„Red / Black“

Art. Nr. 111030				
MOQ 1	CP 6	MC 48	4 031169 134707
